Summary

Instructional designer and UX researcher with ASU digital-learning experience and a published Coursera Guided Project. I turn learning goals into demonstrations and practice, revise assessments through review, and use research to identify where instructions or interactions need more support. My product work adds Figma prototyping and clear documentation for technical collaborators.

Skills

Instructional design · Learning objectives · Scripts and storyboards · Video demonstrations · Assessment revision · UX research · Usability testing · Accessibility reviews · Figma · Google Workspace · Technical communication · Engineering handoff

Experience

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and inclusive learning practices.

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content, a published Guided Project with learning objectives, scripts, demonstrations and practice activities.
- Revised assessment choices, application-based wording, task references and retry feedback in response to course review; documented the changes for further review.
- Produced original lesson slides and videos, connecting narrated demonstrations to learner tasks.

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a learner-task workflow with mentor review of context and generated tasks.

Jonathan Kyle Hobson

Product research, workflow design and education

FactorLab

UX Designer & Researcher (Contract) | Oct 2025-Present

- Design SmartTagIt web and mobile workflows in Figma, collaborating with product and engineering on interaction behavior and implementation constraints.
- Write and design question entry, waiting and recovery states for Flint; document flows, actions and rationale for engineering handoff.

Oak AI

Lead UX Researcher | Nov 2023–2025

- Evaluated navigation, labels and feedback in an early AI product; translated findings into concrete recommendations with the lead designer.
- Documented focused color roles and field-level error feedback, keeping proposed changes distinct from observed behavior.

KeepMake

UX Research Consultant | Jun 2023-Present

- Use heuristic reviews, usability work and participatory workshops to investigate friction and align stakeholders on scope.

Oppia Foundation

Volunteer | Sep 2025-Present

- Currently serve as UX Research Lead. Review lesson-player interactions and written feedback with designers and engineers, clarifying saved progress, exit decisions and recovery.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
