

Jonathan Kyle Hobson

Product Design | Interaction, Research & Reusable Interfaces

Mesa, Arizona | JonathanKyleHobson@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio selected for ShopMy](#)

Summary

Product designer and UX researcher who turns user evidence into clear interfaces and interaction flows. Work spans reusable insight widgets, mobile AI experiences, creator-audience research, and usability evaluation. Bring six years of Figma experience and a technical communication background to prototypes, constructive design critique, and engineering handoffs.

Skills

Figma (6 years) · Information hierarchy · Reusable interface patterns · Interaction design · Interactive prototyping · User flows · Visual design · Usability evaluation · Research synthesis · Accessibility reviews · Client communication · Design presentations · Engineering handoff

Experience

FactorLab

UX Designer & Researcher (Contract) | Oct 2025-Present

- Design SmartTagIt web and mobile experiences, translating usability findings into Figma prototypes, interaction states, and engineering guidance.
- Developed About Me insight widgets across summaries, recommendations, Simple 7, comparisons, and accomplishments; explored content density and information order.
- Defined Flint conversation entry, waiting, and recovery flows, including distinct next actions for connection loss and interrupted answers.
- Walk developers through alternatives and annotated flows; refine recommendations as platform constraints and interpretation questions become clear.

Oak AI

Lead UX Researcher | 2023-2025

- Led survey creation, launch, and analysis for Oak and a creator's audience; synthesized reported barriers and requested support into an Action Hub proposal.
- Connected usability findings to navigation and feedback recommendations; collaborated with the lead UX designer on mockups and handoff documentation.

Jonathan Kyle Hobson

Product Design | Experience continued

KeepMake

UX Research Consultant | Jun 2023-Present

- Evaluate product flows through heuristic reviews, prototypes, and usability work; help stakeholders translate findings into a manageable design scope.

Arizona State University - Learning Innovations

AI Analyst | Feb 2024-Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.

Arizona State University - Knowledge Enterprise

Instructional Designer | Apr 2022-Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and AI-supported content workflows for diverse learners.

Arizona State University

IT Specialist | Oct 2020-Dec 2022

- Supported campus system updates, hybrid transitions, and accessibility-related digital platform work.

Oppia Foundation

Volunteer; currently UX Research Lead | Sep 2025-Present

- Review lesson-player interactions with designers and engineers, including exit-dialog behavior and expectations around saved learner progress.

Selected portfolio

About Me: reusable insight widgets and information hierarchy. Flint: question entry, waiting and recovery states with engineering handoff. Interest to action: creator-audience survey findings and a proposed product direction. The portfolio separates reported evidence, design work, proposals, and available release evidence.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
