Summary

UX designer and researcher with hands-on Figma work across mobile and web products, plus a background in visual communication and digital learning. At FactorLab and Oak AI, I turn unclear tasks and interface feedback into flows, mockups and specific design recommendations. I work with product leads and engineers on scope and implementation details, and bring six years of Figma experience.

Skills

Figma and prototyping · Wireframes and user flows · Mobile and web interaction design · Visual hierarchy · UX writing · Usability research · Information architecture · Reusable interface patterns · Stakeholder workshops · Design documentation and developer handoff · Digital learning content · Jira / Confluence

Experience

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design SmartTagIt web and mobile workflows in Figma, working with the product lead and developers on interaction behavior, scope and implementation constraints.
- Write and design editable question prompts, waiting feedback and distinct recovery instructions for interrupted answers and lost connections in Flint.
- Clarify interaction states and reusable interface patterns; document Figma flows and discuss scope, available data and implementation constraints with engineers.

Oak AI

Lead UX Researcher | 2023–2025

- Evaluated navigation, labels, visual hierarchy and feedback in an early AI product; connected findings to concrete design recommendations.
- Developed sitemap alternatives, compared navigation labels and collaborated with the lead designer on mockups and shared header/footer refinements.
- Documented color roles and field-level error feedback, presenting visual alternatives with their rationale and remaining validation questions.

KeepMake

UX Research Consultant | Jun 2023–Present

- Use heuristic reviews, prototypes, usability work and participatory workshops to investigate friction and align clients and stakeholders on scope.

Jonathan Kyle Hobson

Digital content, learning design and collaboration

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged workflow for personalized learner tasks with mentor review of context and generated tasks.

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and inclusive learning practices.

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content, a published guided project using concrete examples, iterative practice and goal-based review.

Oppia Foundation

Volunteer | Sep 2025–Present

- Currently serve as UX Research Lead. Review lesson-player interactions with designers and engineers, clarifying saved progress, exit decisions and recovery.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
