Portfolio: jonathankhobson.github.io/application-portfolios/playlab-product-designer

Summary

UX designer and researcher whose work spans product interfaces, instructional design, and conversational AI. Partner with engineers to turn research findings into prototypes and clearer interaction patterns. Higher-education experience at ASU and a published Coursera Guided Project inform how I design tools that people can learn, question, and adapt.

Skills

Product design · User research · Figma (6 years) · Prototyping · Usability testing · Heuristic evaluation · Accessibility review · Interaction patterns · Engineering handoff · Conversation design · Prompt workflows · Instructional design · Multimedia production

Product design and research

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Partner with developers on SmartTagIt's web and mobile product, translating heuristic findings and stakeholder feedback into Figma mockups, interaction patterns, and engineering decisions.
- Investigate conversation entry, incomplete AI responses, and recovery; document assumptions and technical constraints before recommending changes.

Oak AI

Lead UX Researcher | 2023–2025

- Conducted desktop heuristic evaluation and usability testing; partnered with design and engineering on navigation, labeling, and error recovery.
- Led survey design, launch, and analysis for an audience study with 1,459 completed submissions in the March 14, 2025 snapshot; translated reported barriers into recommendations for clearer next actions.

KeepMake

UX Research Consultant | Jun 2023–Present

- Use heuristic reviews, prototypes, usability work, and participatory workshops to investigate friction and help stakeholders define the next design question.

Jonathan Kyle Hobson

Product Design | Education and applied AI

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged workflow for personalized learner tasks with mentor review of context and generated tasks.

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements, inclusive learning practices, and AI-supported content workflows.

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content, a published one-hour Guided Project with public instructor attribution.
- Produced a beginner sequence of original demonstrations covering prompt examples, guided revision, comparison, and a weekly content calendar.

Oppia Foundation

Volunteer | Sep 2025–Present

- Currently serve as UX Research Lead. Review lesson-player interactions with designers and engineers, clarifying saved progress, exit decisions, and recovery before refining the experience.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
