Summary

Instructional designer and UX researcher with digital learning experience at Arizona State University and a published Coursera Guided Project. I turn unfamiliar tools and complex tasks into demonstrations, practice and clear next steps. My product research work adds audience analysis, usability evaluation and close collaboration with designers and engineers.

Skills

Digital learning materials · Guided practice and instructional video · Workshop design · Accessibility and inclusive learning · Audience research · Surveys and usability testing · Conversational prototyping · AI-assisted content workflows · Figma · Cross-functional collaboration

Selected instructional experience

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops for diverse learners, incorporating accessibility improvements and inclusive digital learning practices.
- Worked on AI-supported content workflows as part of instructional-material development.

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content, a published one-hour Guided Project with public instructor attribution.
- Designed a beginner sequence of prompt examples, guided revision, comparison, and a weekly content calendar; produced the original lesson demonstrations.

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged workflow for personalized learner tasks with mentor review of context and generated tasks. The documented work is a proposal, not a deployment claim.

Jonathan Kyle Hobson

Instructional Design | Related experience

Oppia Foundation

Volunteer | Sep 2025–Present

- Currently serve as UX Research Lead. Review lesson-player interactions with designers and engineers, clarifying saved progress, exit decisions, and recovery before refining the experience.
- Created and shared heuristic-evaluation resources for cross-functional product review.

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Investigate usability breakdowns across SmartTagIt's web and mobile product, connecting research findings and stakeholder feedback with prototypes and engineering decisions.
- Clarify conversation entry, incomplete AI responses, and recovery; document assumptions and technical constraints before recommending changes.

Oak AI

Lead UX Researcher | 2023–2025

- Led survey design, launch, and analysis for an audience study with 1,459 completed submissions in the March 14, 2025 snapshot; translated reported barriers into recommendations for clearer next actions.
- Conducted desktop heuristic evaluation and usability testing; presented findings and partnered with design and engineering on navigation, labeling, and error recovery.

KeepMake

UX Research Consultant | Jun 2023–Present

- Use heuristic reviews, prototypes, and usability work to investigate product friction and help stakeholders define the next learning objective.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
