

Jonathan Kyle Hobson

Product Experience Design | Prototypes & Product Walkthroughs

Mesa, Arizona | JonathanKyleHobson@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio selected for EAB](#)

Summary

Product designer and UX researcher who builds Figma prototypes and explains product behavior through walkthroughs and annotated handoffs. Experience spans enterprise AI interfaces, university learning technology, and published beginner instruction. Connect research to design choices, distinguish current behavior from proposed concepts, and make the next iteration clear to a cross-functional team.

Skills

Figma (6 years) · Interactive prototyping · Product walkthroughs · User flows · Reusable interface patterns · Visual hierarchy · Research synthesis · Usability evaluation · Accessibility reviews · AI workflow design · Technical communication

Experience

FactorLab

UX Designer & Researcher (Contract) | Oct 2025-Present

- Design web and mobile experiences for SmartTagIt, translating usability findings into Figma prototypes, consistent interface patterns, and engineering guidance.
- Defined Flint conversation entry, waiting, and recovery states, with different actions for connection loss and interrupted answers.
- Developed About Me screen concepts and reusable insight widgets, connecting summaries with supporting observations and suggested actions.
- Explain design alternatives through walkthroughs and annotated handoffs; revise recommendations with developers as technical constraints become clear.

Arizona State University - Learning Innovations

AI Analyst | Feb 2024-Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged ASU for Life prompt workflow for personalized learner tasks, including mentor review of context and generated output.

Arizona State University - Knowledge Enterprise

Instructional Designer | Apr 2022-Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and AI-supported content workflows for diverse learners.

Jonathan Kyle Hobson

Product Experience Design | Experience continued

Oak AI

Lead UX Researcher | 2023-2025

- Connected usability evaluation and user research with onboarding and navigation design, turning findings into wireframes, prototypes, and prioritized recommendations.
- Refined navigation cues, contrast, and error feedback through design iterations; collaborated with engineering on implementation and user testing.

KeepMake

UX Research Consultant | Jun 2023-Present

- Evaluate product flows through heuristic reviews, prototypes, and usability work; help stakeholders translate findings into a manageable design scope.

Oppia Foundation

Volunteer; currently UX Research Lead | Sep 2025-Present

- Review lesson-player interactions with designers and engineers, including exit-dialog behavior and what learners can expect to happen to saved progress.

Selected independent work and teaching

Prompt Compass | Independent creator | 2026

Built and released a local prompt tool that helps an AI assistant inspect requirements and compare versions. Public beta packages and later local regression examples make the workflow and its limits available for review.

Coursera | Guided Project Instructor | 2024

Created ChatGPT 4o for Beginners: Create Social Media Content, teaching prompt specificity, output comparison, and iterative refinement through a recorded demonstration.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
