Summary

UX designer and researcher who connects content structure, visual detail and interaction behavior. Design and research work includes FactorLab's SmartTagIt, Oak AI and client consulting, alongside instructional design at Arizona State University. Six years using Figma; comfortable presenting alternatives and working through constraints with product and engineering teams.

Skills

Figma and prototyping · Information architecture and sitemaps · Responsive web and mobile flows · UI and visual hierarchy · UX writing · Heuristic evaluation · Usability research · Structured content and reusable patterns · Client workshops · Design documentation and developer handoff

Experience

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design SmartTagIt web and mobile workflows in Figma, working with the product lead and developers on interaction behavior, scope and implementation constraints.
- Develop reusable content families and visual alternatives for the About Me insights experience; clarify the routes from summaries and recommendations into detail.
- Create Flint conversation entry, waiting and recovery states, then organize annotated Figma handoffs for engineering.

Oak AI

Lead UX Researcher | 2023–2025

- Evaluated navigation, labels, visual hierarchy and feedback in an early AI product; connected findings to concrete design recommendations.
- Developed sitemap alternatives, compared navigation labels and collaborated with the lead designer on mockups and shared header/footer refinements.
- Documented color roles and field-level error feedback, presenting visual alternatives with their rationale and remaining validation questions.

KeepMake

UX Research Consultant | Jun 2023–Present

- Use heuristic reviews, prototypes, usability work and participatory workshops to investigate friction and align clients and stakeholders on scope.

Jonathan Kyle Hobson

Design, learning and collaboration

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged workflow for personalized learner tasks with mentor review of context and generated tasks.

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and inclusive learning practices.

Arizona State University — Fulton School of Engineering

IT Specialist | Oct 2020–Dec 2022

- Supported campus system updates, hybrid transitions and accessibility-related digital platform work.

Oppia Foundation

Volunteer | Sep 2025–Present

- Currently serve as UX Research Lead. Review lesson-player interactions with designers and engineers, clarifying saved progress, exit decisions and recovery.
