Summary

Instructional designer, AI educator and UX researcher with an Electronic Media degree, original Coursera lesson recordings and live group-facilitation experience. Develop clear instructions, guide people through unfamiliar tasks and document the conditions behind a problem. Bring ASU learning-design and conversational-AI work to Welo Data's Hydrus Session Director opportunity.

Skills

Live group facilitation · Beginner onboarding · Practical demonstrations · Lesson recording and revision · Participant communication · Conversational flow review · Technical troubleshooting · Research synthesis · Accessibility · Figma design and annotations

Teaching and facilitation experience

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content. Produced original lesson recordings and revised quiz content through the course review process.
- Demonstrated a sequence of setting a goal, writing a prompt, inspecting a draft and giving a more specific instruction.

Arizona State University - Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and inclusive communication into instructional content.
- Worked with AI-supported content workflows to support the development of learning materials.

Additional live facilitation

As GameMasterKyle, run paid and community tabletop role-playing sessions for mixed-experience groups, online and in person. Prepare 3–4-hour sessions, explain unfamiliar rules and keep participants involved as the conversation changes.

Jonathan Kyle Hobson

Facilitation | AI, technical support and design experience

AI and technical experience

Arizona State University - Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged learner-support workflow with mentor checkpoints to validate context and review generated tasks before advice reached the learner.

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design SmartTagIt web and mobile workflows, turning product questions into Figma alternatives and annotated engineering guidance.
- Defined Flint assistant states with different messages and recovery actions for an interrupted answer and a lost connection, documenting the conditions for engineering.

Arizona State University - Fulton School of Engineering

IT Specialist | Oct 2020–Dec 2022

- Supported campus system updates, hybrid transitions and accessibility-related digital platform work.

Education

BS Electronic Media, Northern Arizona University, May 2014

MS User Experience - UX Research, Arizona State University, May 2024

BS Technical Communication - User Experience, Arizona State University, May 2023
