Grow With Trees portfolio: [Selected work and presentation](#)

Summary

Instructional designer and UX researcher who turns complex material into practical examples and clear workflows. Bring ASU learning-design experience, published Coursera teaching, and current AI-assisted development of web portfolios and local tools. Combine learning goals, accessible communication, and mobile interface design to help people use what they learn.

Skills

Instructional design · Digital learning materials · Guided practice · Accessibility reviews · AI literacy teaching · AI-assisted development · HTML and CSS content · GitHub · Codex · Mobile UX · Technical communication · Figma

Selected experience

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops with accessibility improvements and AI-supported content workflows.

Coursera

Guided Project Instructor | 2024

- Created ChatGPT 4o for Beginners: Create Social Media Content, teaching prompt specificity, output comparison, and iterative refinement through a practical task.
- Used a fictional cafe example to demonstrate a first draft and revision, giving beginners visible material to inspect and improve.
- Published guided project with 4,700+ enrollments as of September 2026.

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design SmartTagIt web and mobile workflows, connecting usability findings with Figma prototypes and annotated engineering guidance.
- Defined Flint AI assistant entry, waiting, and recovery states, with different explanations and actions for interrupted answers and lost connections.
- Compare workflow alternatives with developers and revise guidance as product behavior and technical constraints become clear.

Jonathan Kyle Hobson

Instructional Design | Independent projects and related experience

Independent projects

Responsive portfolio websites

Creator · AI assisted workflow | 2026

- Create and publish custom HTML/CSS portfolio pages on GitHub Pages using AI-assisted development, with original project evidence and downloadable materials.
- Review desktop and mobile layouts, source-image viewing, keyboard focus, and download links before publication.

Prompt Compass

Creator · Public beta | 2026

- Built and released a local prompt tool with structured diagnosis, version comparison, and reusable guidance.
- Created regression examples that make lost output requirements and review conditions visible when an instruction is rewritten.

Related experience

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a learner-support workflow with mentor checkpoints to validate context, review generated tasks, and refine advice before delivery.

Oak AI

Lead UX Researcher | 2023–2025

- Led surveys, qualitative synthesis, and usability evaluation to connect audience needs with product recommendations and research priorities.

Education

MS User Experience — UX Research, Arizona State University, May 2024

BS Technical Communication — User Experience, Arizona State University, May 2023

BS Electronic Media, Northern Arizona University, May 2014
