Portfolio: jonathankhobson.github.io/application-portfolios/nsc-learning-content-editor

Summary

Instructional designer and UX researcher with a technical communication degree, ASU learning-design experience and a published Coursera Guided Project. I turn review feedback into concrete revisions to instructions, assessment choices and task references. My work combines learner-focused writing, original teaching materials and careful documentation of what changed and what still needs review.

Skills

Learning-content review · Assessment revision · Instructional writing · Scripts and slide production · Plain-language interface copy · Review documentation · Usability research · Digital learning design · Accessibility-informed content · Google Workspace · Figma · Jira / Confluence · Cross-functional collaboration

Experience

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content, a published guided project with learning objectives, scripts, demonstrations and practice activities.
- Revised assessment choices, application-based wording, task references and retry feedback in response to course review; documented the changes for further review.
- Produced original lesson slides and videos and worked through review of the relationship between narration, on-screen actions and learner tasks.

Arizona State University - Knowledge Enterprise

Instructional Designer | Apr 2022-Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and inclusive learning practices.

Arizona State University - Learning Innovations

AI Analyst | Feb 2024-Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a learner-task workflow with mentor review of context and generated tasks.

Jonathan Kyle Hobson

Research, product communication and education

FactorLab

UX Designer & Researcher (Contract) | Oct 2025-Present

- Design SmartTagIt web and mobile workflows in Figma, collaborating with product and engineering on interaction behavior and implementation constraints.
- Write and design question entry, waiting and recovery states for Flint; document flows, actions and rationale for engineering handoff.

Oak AI

Lead UX Researcher | 2023-2025

- Evaluated navigation, labels and feedback in an early AI product; translated findings into concrete recommendations with the lead designer.
- Documented focused color roles and field-level error feedback, keeping proposed changes distinct from observed behavior.

KeepMake

UX Research Consultant | Jun 2023-Present

- Use heuristic reviews, usability work and participatory workshops to investigate friction and align stakeholders on scope.

Oppia Foundation

Volunteer | Sep 2025-Present

- Currently serve as UX Research Lead. Review lesson-player interactions and written feedback with designers and engineers, clarifying saved progress, exit decisions and recovery.

Education

MS User Experience (UX Research) | Arizona State University | 2024

BS Technical Communication (UX) | Arizona State University | 2023

BS Electronic Media | Northern Arizona University | 2014
