Summary

Instructional designer, AI educator and UX researcher with ASU learning-design and AI-analysis experience, an original Coursera guided project, and an independent prompt-review tool. Make instructions, practice tasks and failure conditions clear enough to inspect and revise. Bring supported teaching examples and structured reasoning to AI evaluation in the training and development domain.

Skills

Instructional content · Practical demonstrations · Quiz revision · Prompt design and comparison · Structured-output checks · Conversational UX · Research synthesis · Accessibility review · Technical communication · Figma prototypes

Learning and prompt-review experience

Arizona State University - Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops, incorporating accessibility improvements and inclusive communication into instructional content.
- Worked with AI-supported content workflows to support the development of learning materials.

Coursera

Guided Project Instructor | 2024

- Created and taught ChatGPT 4o for Beginners: Create Social Media Content. Produced original demonstrations and revised quiz content through the course review process.
- Structured a practical sequence of defining a goal, writing a prompt, comparing output and refining the instruction. The published project has 4,700+ enrollments as of September 2026.

Prompt Compass

Creator - Public beta | 2026

- Built and released a local tool for diagnosing, improving, comparing and reusing prompts.
- Designed a regression example that checks whether a rewrite retains required JSON fields and a confidence-based human review condition.

Jonathan Kyle Hobson

Instructional Design | Research and workflow experience

Research and workflow experience

Arizona State University - Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a staged learner-support workflow with mentor checkpoints to validate context and review generated tasks before advice reached the learner.

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design SmartTagIt web and mobile workflows, turning product questions into Figma alternatives and annotated engineering guidance.
- Defined Flint assistant states with different messages and recovery actions for an interrupted answer and a lost connection, documenting the conditions for engineering.

Oak AI

Lead UX Researcher | 2023–2025

- Conducted a desktop heuristic evaluation and developed navigation alternatives with the lead UX designer.
- Connected findings to recommendations for consistent destinations, field-level login feedback and defined color roles.

Arizona State University - Fulton School of Engineering

IT Specialist | Oct 2020–Dec 2022

Education

MS User Experience - UX Research, Arizona State University, May 2024

BS Technical Communication - User Experience, Arizona State University, May 2023

BS Electronic Media, Northern Arizona University, May 2014
