Mi-Case portfolio: [Selected work and presentation](#)

Summary

Instructional designer and UX researcher with experience creating digital learning materials, workshops, and a published guided project. Connect learner needs and software behavior to practical examples and clear guidance. Bring technical communication, accessibility reviews, and collaboration with product teams to training for complex workflows.

Skills

Instructional design · Digital learning content · Workshop development · Technical communication · Accessibility reviews · User research · Workflow analysis · AI literacy teaching · Figma prototypes · Annotated product walkthroughs

Selected experience

Arizona State University — Knowledge Enterprise

Instructional Designer | Apr 2022–Oct 2024

- Developed digital learning materials and workshops with accessibility improvements and AI-supported content workflows.

Coursera

Guided Project Instructor | 2024

- Created ChatGPT 4o for Beginners: Create Social Media Content, a practical learning sequence covering prompt specificity, output comparison, and iterative refinement.
- Used a fictional cafe example to demonstrate a first draft, a revised instruction, and the resulting content; connected tool use to a concrete task.
- Published guided project with 4,700+ enrollments as of September 2026.

FactorLab

UX Designer & Researcher (Contract) | Oct 2025–Present

- Design SmartTagIt web and mobile workflows, connecting usability findings with Figma prototypes and annotated engineering guidance.
- Defined Flint AI assistant entry, waiting, and recovery states so people can distinguish an interrupted answer from a lost connection and choose a next action.
- Explain product behavior through annotated screens and review design alternatives with developers as constraints become clear.

Jonathan Kyle Hobson

Learning and Development | Additional experience and education

Related experience

Arizona State University — Learning Innovations

AI Analyst | Feb 2024–Oct 2024

- Designed and evaluated voice and chat flows, translating learner and staff needs into conversational prototypes and findings for project leaders.
- Proposed a learner-support workflow with mentor checkpoints to validate context, review generated tasks, and refine advice before delivery.

Oak AI

Lead UX Researcher | 2023–2025

- Led surveys, qualitative synthesis, and usability evaluation to connect audience needs with product recommendations and research priorities.

KeepMake

UX Research Consultant | Jun 2023–Present

- Advised on activation research and a manageable learning plan, helping the team distinguish usability questions from an activation experiment.

Oppia Foundation

Volunteer | Sep 2025–Present

- Currently serve as UX Research Lead, reviewing lesson-player interactions and clarifying saved-progress and recovery behavior with the team.

Independent project

Prompt Compass

Creator · Public beta | 2026

- Built and released a local prompt tool with structured diagnosis, version comparison, and reusable guidance.
- Created regression examples that make lost output requirements and review conditions visible when an instruction is rewritten.

Education

MS User Experience — UX Research, Arizona State University, May 2024

BS Technical Communication — User Experience, Arizona State University, May 2023

BS Electronic Media, Northern Arizona University, May 2014
